# Roasted Turkey Breast

**ACTIVE TIME**  
15 mins

**TOTAL TIME**  
3 hrs

**SERVINGS**  
6

## Ingredients

**1/4 cup** unsalted butter, softened  
**1 Tbsp.** kosher salt  
**1 Tbsp.** light brown sugar  
**1 Tbsp.** Dijon mustard  
**4** garlic cloves, grated with a Microplane grater (2 tsp.)

**2 tsp.** grated lemon zest (from 1 lemon)  
**2 tsp.** chopped fresh thyme  
**1 tsp.** chopped fresh sage  
**1 tsp.** chopped fresh rosemary  
**1/2 tsp.** black pepper  
**1 (6- to 7-lb.)** bone-in, skin-on turkey breast

## Instructions

### STEP 1 : Make butter rub

Stir together butter, salt, sugar, mustard, garlic, lemon zest, thyme, sage, rosemary, and pepper in a small bowl until thoroughly combined.

### STEP 2 : Rub butter mixture on turkey

Trim any excess fat and skin around turkey neck.

Starting at neck end, loosen and lift skin from turkey breast by inserting fingers and gently pushing between skin and meat. Do not detach skin completely from breast. Rub half of the butter mixture under skin; smooth skin over breast, and rub remaining half of butter mixture over skin.

### STEP 3 : Rest seasoned turkey

Line a rimmed baking sheet with aluminum foil. Set an oven-safe wire rack inside prepared baking sheet.

Place turkey on wire rack, and let stand at room temperature for 1 hour. Alternatively, refrigerate, uncovered, up to 12 hours. Remove turkey from refrigerator and let rest at room temperature for 1 hour before roasting.

### STEP 4 : Roast turkey

Preheat oven to 450°F with rack in lower third position. Place turkey in oven, and immediately reduce oven temperature to 350°F. Roast until a thermometer inserted into thickest portion of breast registers 160°F, 1 hour, 15 minutes to 1 hour, 30 minutes, loosely tenting turkey with foil if browning too quickly.

### STEP 5 : Let turkey stand, then carve

Let turkey stand at room temperature 20 minutes. Carve turkey, and transfer to a platter.
